

# Energy Awareness - April 2016

## Where is Our Energy Used?

\$1.5 Million

Our Energy Bill for 2015

## Future Projects

- **Western Financial Place Pool Dehumidification Project (Summer/Fall 2016)**
  - Increased patron comfort. Cost savings of approximately \$38,080/year.
- **City Hall HVAC Redesign (Summer 2016)**
  - Mechanical review and redesign for upgrading HVAC system.
- **Energy Study at Spray Irrigation Facilities (Summer 2016)**
  - Identify, analyze and recommend cost-effective solutions to improve energy efficiency.
- **Library Heating Pump Variable Frequency Drive Upgrade (Summer 2016)**
  - Replace end of life control system. Cost savings of approximately \$5,550/year.
- **Western Financial Place Parking Lot Lights & Pool Overhead Lights LED Upgrade (Summer 2016)**
  - Improved light quality. Cost savings of approximately \$8,000/year.

## How Can You Help?

- Switch it off! Turn off lights when areas are not in use.
- Keep doors and windows closed to reduce stress on HVAC systems.
- Reduce idling of equipment and vehicles.
- Share your energy conservation ideas with management.
