

Kimberley/Cranbrook 2018 55+ BC Games President and Vice President Information

The Kimberley/Cranbrook 2018 55+ BC Games are coming September 11-15, 2018. The event will see approximately 3500 athletes competing in 20+ sports. Over 1200 volunteers are required, leading up to, and throughout the games.

The structure of the games organization, comes through a President and Board of Directors. The primary function of the President and Vice President is to build a competent team of Directors and volunteers who will manage their respective areas of responsibility, and will ultimately host an anticipated 3500 athletes in a multi-sport event.

The President and Board of Directors will be supported by the BC Games Society, the BC Senior Games Society, and the Cities of Kimberley and Cranbrook. Training and support is provided throughout the event planning and implementation. The BC Games Society and the BC Senior Games Society provide detailed tasks, planning material, and support through an Operations Manager and an Administrative Assistant.

The President and Vice-President, should be community leaders, excellent managers of volunteers, possess great interpersonal skills and have a passion for sport and community development. The position will take a significant time commitment, especially as the games get closer. As such, if you are not self-employed or retired, you should have a job with some flexibility being able to be provided by your employer.

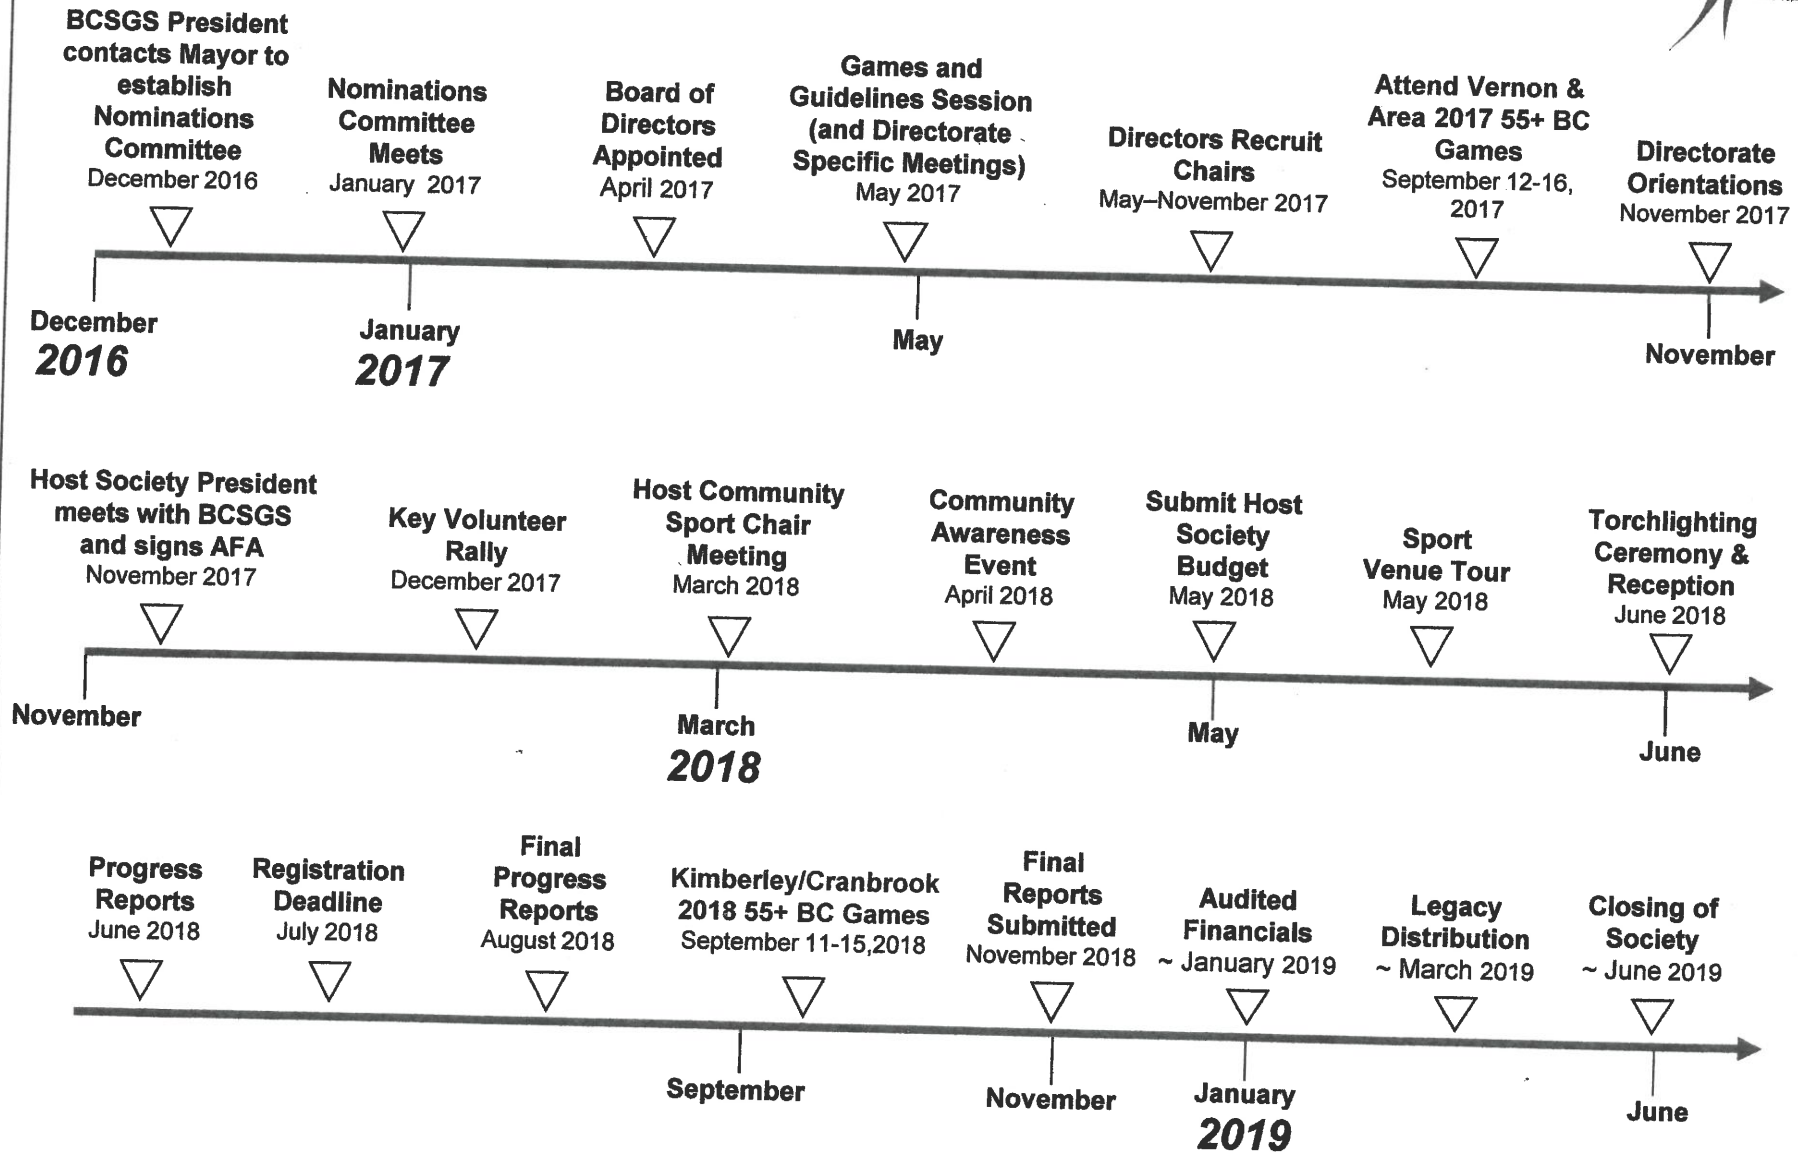

Once the President and Vice-President are chosen, they will join the Nomination Committee to recruit the fourteen directors. These directors will be the primary team of the President/Vice President. They in turn will be required to manage others in their Directorate. The 14 directorates cover areas such as communications, ceremonies, security, transportation and sport.

It is anticipated that the Board recruitment will be complete by April, 2017. Games staff will meet with the Directorate in May, 2017, after which time, the recruitment of chairs will begin. The Directorate will be asked to attend the 2017 55+ BC Games in Vernon, September 12-16, to see the Games in operation, and liaise with counterparts.
