

Aquatic Center—Overhead Light Upgrade

2016

Project Summary

The aquatic center's overhead lights have been upgraded from Metal Halide lights to LED lights.

Benefits associated with this project include:

- Improved light quality for lifeguards and patrons, resulting in increased safety for swimmers
- Increased life span of lights, resulting in decreased maintenance costs
- Increased energy efficiency
- Electricity savings of approximately **23,717 kWh/year** or **\$2,300/year** in electricity costs.

This project cost approximately **\$22,500** and received **\$5,487** in funding through BC Hydro's Business Energy-Saving Incentive Program.
