

# Western Financial Place - Parking Lot Light Upgrade

November 2016

Before

After

## Project Summary

The Western Financial Place's parking lot lights have been upgraded from High Pressure Sodium lights to LED lights.

Benefits associated with this project include:

- Improved light quality, resulting in increased public safety and security
- Increased life span of lights, resulting in decreased maintenance costs
- Increased energy efficiency
- Electricity savings of approximately **42,000 kWh/year** or approximately **\$4,000/year** in electricity costs.

This project cost approximately **\$22,000** and received **\$5,477** in funding through BC Hydro's Business Energy-Saving Incentive Program.
