

**CITY OF CRANBROOK  
WASTEWATER SPRAY IRRIGATION FACILITY**

**REQUEST FOR QUOTATIONS**

**RFQ No. CRA2024-Q-002  
2024 FERTILIZER SUPPLY AND PLACE & SEED SUPPLY AND DELIVERY**

The City of Cranbrook requests quotations from interested parties for supply and placing of fertilizer as well as the supply and delivery of seeds for the Wastewater Spray Irrigation Site – 6029 Highway 3/93. Prices are for the F.O.B. job site, in Canadian Funds. Successful proponent must store and manage products within 50km of the City of Cranbrook on an as needed basis.

Approximate quantities for fertilizer onsite use are as follows:

<b>PRODUCT SPRING APPLICATION</b>	<b>APPROX. QUANTITY (TONNES)</b>	<b>UNIT COST PER TONNES BULK</b>	<b>EXTENDED COST</b>
46-0-0	50	\$	\$
21-0-0	30	\$	\$
11-52-0	25	\$	\$
0-0-60	15	\$	\$
<b>AFTER 1<sup>ST</sup> CUT APPROX. JULY 1</b>			
46-0-0	45	\$	\$
<b>TOTAL COST</b>			\$

Additional cost per tonne for blending -

2 product \$ \_\_\_\_\_

3 product \$ \_\_\_\_\_

4 product \$ \_\_\_\_\_

<b>PRODUCT SPRING APPLICATION</b>	<b>APPROX. QUANTITY (kg)</b>	<b>UNIT COST PER kg BULK</b>	<b>EXTENDED COST</b>
Amba Orchardgrass	105	\$	\$
CDC Maverick Barley	2,900	\$	\$
CDC Arborg Oats	1,200	\$	\$
919 Brand Alfalfa	275	\$	\$
<b>TOTAL COST</b>			\$

Quotations on supply of mini bulk per tonne for smaller applications must also be provided. Ranchers involved in the irrigation site have indicated they may need some fertilizer AND floater/spreader for home use.

Please indicate if this will also be available at the quoted prices \_\_\_\_\_ (Y/N). If not, provide other pricing structure or indicate whether or not it will be available.

Quantities and delivery times will be adjusted to accommodate specific farming conditions; however, we will schedule delivery to best facilitate truckload quantities.

**DELIVERY:**

Approximate delivery time per order: \_\_\_\_\_ days (**Maximum 7 days per order**)

**APPLICATION:**

Supplier must be able to provide a floater for Bulk fertilizer spreading within their proposed delivery time, on 2 occasions during the entire season (Approximately May 1-14). Floater cost per acre must include all mobilization, labour, overhead costs and loading of the product and is based on proposed approximate tonnage.

Supplier must be able to provide a pull type spreader on site within their proposed delivery time for the duration of the season at the Ranchers request (multiple uses).

APPLICATION COSTS	UNIT	RATE
FLOATER	ACRES	\$ /ACRE
PULL SPREADER	TONNES	\$ /TONNES

Supplier may provide alternative pricing and delivery structures in addition to the required information. There are no storage facilities on site, therefore delivered product must be protected from the elements at the supplier's cost. The lowest or any quotation will not necessarily be accepted and the owner reserves the right to adjust or substitute quantities to suit specific needs. For clarification or discussion please contact Katelyn Pocha at City of Cranbrook, 250-919-2651 or email [katelyn.pocha@cranbrook.ca](mailto:katelyn.pocha@cranbrook.ca)

**Quotation must be submitted via email to [katelyn.pocha@cranbrook.ca](mailto:katelyn.pocha@cranbrook.ca) in a signed scanned format by 12:00 NOON MT, Tuesday, March 5<sup>th</sup>, 2024.**
